Introduction:

Michael Shah Foundation is working in Faisalabad region since April 2007 MSF promoting education on human rights, peace, democracy, Gender, disability and labor issues among the people, mobilizing public opinion, influencing, Attitudes & traditional practices, preventing & resolving conflicts, collecting information and Exchanging knowledge and experience with other like minded organizations activated in the Field of protecting, promoting and advocating the rights of marginalized groups.

Objectives:

1. Offering free health maintenance services through medical camps in rural and urban regions.
2. Providing free shelter, food and training for disabled children and orphan.
3. To assist with formal and informal education, living skills for children's and CWDs
4. Providing skill training and knowledge to young ladies and woman for social, economic development.
5. Offering free legal aid for women /Juvenile and bounded Labor to be an active and efficient voice of society.
6. Providing awareness for woman and children who are begging. Skills and teaching so they can run and make money for their support.
7. To make awareness about woman and child rights.

EDUCATION, TRAINING AND REHABILITATION PROGRAM FOR VISUALLY IMPAIRED CHILDREN.

MSF is engaged to provide Education, training and rehabilitation of visually impaired persons with the prime mission to make the blind personable, self relying respectable and productive Member of the Society by creating a sense of equal participation among them in all aspects of Life.

Through this program, we have established an inclusive education center where we are Providing education and skills to visually impaired children and enabling them to live Independent life. We are identifying deserving visually impaired Children and enrolling them at our center to provide all opportunities they deserve.

We have professional, visually impaired instructors to facilities our students, the teachers and instructors guiding the students through latest methods and techniques. Computer education is also available for visually impaired students by visually impaired instructors. Accessibility is main obstacle which stops visually impaired students to access resource centers, so we are providing free pick and drop service. Our volunteers assist them as attendant where they need.

Some visually impaired students belong to areas far away from our center; therefore, we have established a hostel for these students to accommodate them. During their stay in hostel, we

provide food, clothes, books and stationery and their other needs. We also provide them the health care services by visiting doctors and hospitals. We also organize extracurricular activities for their better mental growth.

Evening School Program:

We established clusters of the nearby brick kilns to provide an easy accessible place to get education for children belong to different nearby brick kilns. Now by the grace of God and Small donations from the local community, we are running schools under administration of Michael Shah Foundation (MSF). 8 female teachers are providing services to provide basic education to male and female students of ages 7 to 12. More than 200 students getting an education and their parents are looking forward for the bright future of their children.

Health Programs:

Through this program, we are providing health care services through free medical camps; also we are extending awareness through “Health awareness and education campaign” for rural and urban areas at four towns of District Faisalabad – Pakistan. The target people for our work are women, children, person with disabilities and laborers. People living in rural and urban areas are deprived of basic health facilities. The death rate in women and children is very serious.

These communities are victims of many common diseases. They have no access to hospitals and basic health units because the hospital is very far away and not accessible. We are conducting free medical camps and providing free consultation and medicine. Also, we are providing health awareness and education for life with better hygiene conditions.

We want to extend our activities free health care facilities at the door steps of vulnerable communities living in rural and urban areas of district Faisalabad – Punjab – Pakistan. We are seeking for funds to run more effectively the our services include; Ambulance service, Free medical camps, Clinical Lab tests, Health education and awareness and Free vaccinations

Bonded labor

Bonded labor is a contemporary form of slavery, which continues to thrive in Pakistan. We are working to help People who are targets of this horrible bound age system. We are established schools for their children, skill trainings to their family members to work with other failed to run their household system. Also Providing free medical support and education and Release Program as well.

Future Of begging Children

Children are very important assets of our country, but we have a large number of children who are in Street. Bagging to run their house daily activity. It takes Most of children to different various Crimes most of them start taking drugs as well. MSF had started this Program and rescued many Children from Streets and taking them to MSF's Rehab Center. And Provide awareness to those children and their family. WE are also a Provinging skill Traning to the Family of their children so they cannot go on the streets again and their family will work for a living. And referring them to the nearest Govermental School so they can have bright Future. With our hard work we have successfully changed many lives and given them Bright Future

Prisoner Care

MSF is working on rehabilitation of Prisonere and Proving their Free Legal assistance. And after Release MSF Provideing Skill Trainings so they can not Becaome Criminal giants. We are Providing embroidery work traning to women and man after there Release. And give compulsory Education to Juvenile. In Past year Msf Relased Many People in Prison and Now they are spending good Life and working hard for their living hood.

Sweet Home for Children

Children are often the helpless and overlooked victims of poverty and disaster and yet they will shape our collective future. MSF believe all children deserve a chance to realize their full potential. Through the provision of food, shelter, healthcare, education, safety and love, we strive to effect lasting changes in the quality of life for orphaned, abandoned, and abused children, MSF started their mission in 2007 and till now many children are saved most of children lost there one or both there Parents. MSF is Providing is food, shelter, healthcare, education, safety and love to these children, and also child adoption service to these children.
